

Newberry Wings

August 2026 Volume 4 Issue 8

Come Ride With Us!

Eagle Wings Motorcycle Association - South Carolina Chapter S

Hello Everyone,

It's hard to believe we are half way through the year. The Chapter had a Dinner Ride and a Gathering this month with plenty of visitors; we had a great time at both events. Thanks for all that came.

Jon and I have decided last minute to take a quick weekend trip to Michigan the weekend of our August Gathering and the Summers are still hosting at Little Pee Dee, so I decided to cancel this month's Gathering. Miss Carol's American Legion Post 3 in Greenville, SC is having their quarterly breakfast from 9 to 11 a.m. If anyone would like to go and help support the Legion and enjoy a good breakfast, the cost is \$7 a person.

We are having a Dinner Ride this Tuesday, August 4th at 6:00 p.m. at Blue Ocean in Clinton, SC. Please join if you can. We'll decide then where next month's Supper Ride will be. Next Gathering is September 19th at Roma's, eating at 12:30, meeting at 1:00 p.m. Don't forget the SC District Picnic October 17th at Santee State Park Cypress View Campground, starts at 10 a.m. having games, bake sales auction, and Bingo. Hamburger and hot dogs, chips, drink and plenty of sides will be there for lunch and it's \$6 per person.

I'm hoping the weather gets cooler so we can have a Chapter S Day somewhere with maybe Bingo or a craft day. If anyone has any suggestions let me know please. Don't forget about the National Rendezvous in Sharonville, Ohio September 3-5. Hope to see you there.

Thanks for everything you do to support Chapter S.

Chapter S Gathering

Chapter S had a large crowd of members from Chapter A & F and family members from Michigan on July 18th at Roma's.

Safety/Ride Info

The F1 Light

If you own a 2001-2005 Honda Goldwing you may have heard about or already experienced the problem of the ECM, the main computer, giving the F1 code on the dash and the motorcycle running badly. Almost everyone that has owned this year bike has had or knows someone that has had the problem. The fix was to replace the ECM which wasn't cheap but new and used ECMs are harder to come by now days and still very expensive.

Several members on the GL1800 Riders Forums set out to find the problem and came up with the solution. The problem is with the knock sensor modules inside the ECM. The fix is to open up the ECM and replace and resolder the new knock sensor modules.

Enter Fred Harmon. You may have heard of him; he produced a very good series of videos on repairing Goldwing motorcycles. He has a short video on the internet where he explains the process. He has built a very elaborate test bench for EMC modules. He then does surgery on them to replace the knock sensor modules.

I recently replaced an ECM for a friend and went through the process of getting a repaired unit. Once the ECM is removed from the motorcycle, you ship it to Fred and he will send you a repaired unit. The cost is now \$450, a little more than in his video, but cheaper than a new one or even a used one from Ebay.

I sent the unit off and about a week later the repaired one showed up. He also emails instruction needed to install.

If you are having this problem you can email Fred at fred@angelridevideos.com and he will give instructions on what to do.

Now you can keep the old Wing and ride it forever!

MS Rally – St. Martin Community Center, Oct 15-17, Biloxi MS

Upcoming Birthdays & Anniversaries

Marilyn – Aug 27
Steve – Sept 27

Greetings from Little Pee Dee State Park. Yes, Buddy & I are campground hosting on the other side of the state. It's hot work but it keeps us out of trouble, plus we meet some interesting people and make lifelong friends. Every time we get home on a day off, we make sure to crank up the Blue Girl and take her out for a spin, even if it is scalding hot. But we'll be home in a few weeks and hopefully make a couple of plans for Fall rides and Bingo/craft events with a little food thrown in for good measure. Hope to see you soon. Stay cool and safe.
