November 2026

Hope everyone had a spooktacular Halloween. Donna and I enjoyed ours sitting around a campfire roasting hotdogs and eating s'mores with family.

We've been spending most of our Friday nights watching our grandson play high school football; he plays for the Mid Carolina Rebels. They went 10-0 for the first time in the school's history. They are the Region Champs for the first time since 1991. But enough of our personal life; I don't want to bore you with our life.

We had a great Camp Out and Picnic; the weather was awesome for the camping but the gnats would drive you crazy. The weather on Saturday turned chilly and we had a few showers early in the morning. But the sky cleared up and people started showing up. We played several games and and cornhole baseball was the big hit. Chapter C took home the victory, but we were all winners. Thank you to everyone that took time out of their day to come and support the District. We enjoy spending time with our EWMA friends.

We have moved the Campout and Picnic to Dreher Island State Park. For the picnic on October 16, 2027 we rented the Community Pavilion that will provide us with shelter no matter the weather. We will have heat or AC. If you plan on camping we are staying on the small island; it's called Anglers Camp Circle. Right now there are still sites available but the small island will fill up fast (They are full hookup). Dreher is a little more centrally located in the State so it should be a shorter drive for most.

Our District Campout and Picnic is the last district event of the year, so now we work on the Kickoff in January. January 16th to be exact; we will be going back to the Lake Murray Community Center. The team has been working on some new ideas for 2027. Save this date, not only will you get the information first hand but you'll get a free meal for showing up.

Thank you,

Jon & Donna Horning

November 2026

I want to thank everyone who was able to attend the District Campout and/or Picnic. The weather was great for camping and got a little windy for the Picnic, but it didn't stop us from having fun! We hope those who could not make it this year will join us next year October 14 – 16, 2027 for camping and October 16th for the Picnic.

We have scheduled next year's picnic to be held at Dreher Island State Park. We have reserved the Community Center so no matter what the weather is everyone will be comfortable, so mark your calendar and come join us.

November is the start of the Holiday Season. Chapter Christmas Parties are being scheduled and planned. It's time for friends and family gatherings to give thanks for all we have been blessed with. We hope everyone has a fun and safe Thanksgiving and don't eat too much Turkey!!!

If you have any issues or questions regarding the Financial Report, or anything, please call, or email me. If I don't recognize the phone number I won't answer, so please leave a message and I will call you back as soon as possible.

Until next time!

November 2026

With Halloween upon us, October goes out with fond memories of a great month. The trip to Julliette, GA and the Whistle Stop Cafe was a great trip and the Campout at Santee was everything to be expected and more. The new to us tent donated by Pinky and Doug was exactly what we needed so a big thanks to both of them.

As we slide into November it's time to change our riding gear and the way we ride to reflect on the changing riding conditions. It's also the time of year that rides to honor our veterans and toy rides to help the struggling families in our surrounding areas come into play. Having been blessed with the ability to honor our vets and to lend a helping hand when I can is something that I will be forever thankful for. I hope that you are able to join on at least one of these meaningful rides. Lastly I want to wish each and everyone of you a safe and very blessed "HAPPY THANKSGIVING".

Why Everyone Should Take a CPR Class

CPR class is important because you never know when you might be in a situation where someone's life depends on you. Learning CPR gives you the knowledge and confidence to respond during an emergency. Whether it's a family member, friend, coworker, or even a stranger, knowing CPR can make a life-saving difference. Emergencies can happen anywhere and at any time, and being prepared can help save a life. CPR training is a valuable skill that everyone should consider learning because you never know when you might be someone's reason for a second chance at life.

Fall Camping Trips

Camping in Cherokee

Most of the hot summer weather had finally subsided and it was time to do some mountain camping and riding. September 23-26 at The Lazy Turtle Campground in Cherokee was chosen as the home base for this adventure. As it seems is usually the case we got rained on once we got to the mountains and had to take refuge under a church awning. Rain finally slowed enough to head to camp where we set up our wet tents in a wet campground. But things got better and the rest of our time in the mountains was dry.
We spent the next several days on some of the great roads in the Smokey Mountains, the Cherohalla Skyway, Foothills Parkway, Route 441 through GSNP, where the elk were feeding right beside the road, and all the little side roads and connector roads that are so much fun in that area and also stopping at a neat little marina restaurant on a lake for lunch.
We also enjoyed time at camp as some of the other campers that were interested in our travels and came to share stories while setting on the front porch of the office/store. Of course the highlight of camp was our own Orman doing an impromptu harmonica concert

Camping in Virginia

Our next adventure was October 5-8 at Willville Bike Camp in Meadows of Dan, Virginia. This area has some very nice riding as the roads are smooth and twisty and it is right on the Blue Ridge Parkway. No rain on the way this time as things have been fairly dry in that area but the leaves were starting to change.
We started our days with coffee and BS at camp then breakfast at Crooked Oak Restaurant then spent one day riding around the back roads near Indian Valley crisscrossing the roads through farms and forests. No big mileage day here just fun relaxing riding.
Next day after The Crooked Oak we headed to Stuart, VA to see the Wood Brothers Racing Museum. But on the way we stopped at a local motorcycle shop/museum that was filled with old Harley panheads, knuckleheads, a few flatheads and old Harley memorabilia and parts. Cool old bikes in a cool old building.
After that we went to the racing museum which is free to tour and looked at all the older NASCAR racing cars and parts collected by the Wood Brothers who still race No. 21. Lots of neat stuff even if you don't follow racing.
After that we followed twisty Route 40 and circled back which took us through Bassett, VA where Bassett Furniture has been made since 1902 then headed back stopping at Papa's Diner near camp for dinner then packing next day and heading home.
Two great fall trips.

November 2026

The District Fall Campout at Santee State Park was a fun one and as Jon promised, we didn't have to endure rain all day Saturday. The bugs were vicious but the cool Saturday calmed them down tremendously. Friday Breakfast and Supper at the campground was a delicious mixture of items including some protein filled gnats. Ugh. Saturday's cookout was better because of the weather change. We enjoyed the costumes from Chapter A and entertainment from Chapter P. We played a couple games of "catch the ball in your pants" which was something I'd never done before, but it was fun. Cornhole baseball was a hit and the Chapter C Team won the championship. Buddy & I camped a few more days at Santee after everyone left Sunday and the campground looked like a ghost town. It was fun time with lots of fun people.

On a sadder note, Monday, October 19th, we said our goodbyes to our camping, cruising and riding partner, Bill Dunaway. He was taken from us too soon, and we will be forever in his debt because of the love, kindness and understanding we received from Bill. He was family and my grandgirls thought of him as another grandfather. We pray that Judy finds peace in the love he brought to all of us.
